Reasons for Allowance

3) The following is an examiner's statement of reasons for allowance, which supplements applicant's arguments filed 6-22-05:

Support for the changes to claim 73 is found in the original disclosure for example at page 3 lines 28-29, page 4 lines 31-32 and page 19 lines 27-29.

The prior art of record fails to suggest using a flexible fluoropolymer flow tube and inserting an adhesive in the predefined gaps and holding the outer surface of the flow tube extending between the two legs in an essentially straight configuration while the inserted adhesive cures in combination with the remaining limitations of claim 73.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
